At Dundee the Eleventh Day of August
one Thousand seven hundred & eighty nine
years Which Day The Nine Trades of Dundee
being met in their hall the ordinary place
of meeting consulting about their affairs It
was represented to them by Alex^r Watt Present
Conveener That the Annual Stipend which
was paid to the Rev^d Mr Thomas Rait
Minister of the Cowgate Chapel was only
Seventy Pounds ten Shillings Sterling & it was his
opinion & he believed a number of the In-
dividuals of the Trades were of the same mind
That from the high price of provisions & expence
of living it should be augmented to One hundred
Pounds Sterling Annually That he was Informed
the Kirk Session also approved of this & were Disposed
to pay Mr Rait yearly fourteen Pounds fifteen
Shillings Sterling And he thought the Nine
Trades with the three Pendicle Trades viz The
wrights Massons & Sclaters should make up among
them the other fourteen Pounds fifteen Shillings
which would only be one Pound four Shillings & seven
Pence Sterling to each Trade And requested the
Trades would seperately consider thereof & report
their resolution The Trades accordingly retired
to their respective rooms & the Deacons having
in a little returned & Reported That each of The
Trades had cordially agreed to pay to Mr
Rait one Pound four Shillings & seven Pence Sterly
of additional Stipend annually during his

Incumbency or as long as the Funds of
Cowgate Chaple or ^{Cowgate} Church shall be able to
bear it begining the first years payment thereof
at Whitsunday next Seventeen hundred & nine-
ty for the year preceeding which with what
the Shirk Session and Pendick Trades were to
pay would amount to the Sum of One hundred
Pounds Sterling yearly The flesher Trade therefore
agreeable to the above resolution foresaid Do
hereby Bind and Oblige themselves to Pay
to Mr Rait out of said Trades Funds one Pound
four Shill. & seven Pence Sterling of additional
~~depend~~ annually During his Incumbency or
as long as the funds of the Cowgate Church shall
be sufficient to Defray the same Begining the
first years Payment thereof at Whitsunday
seventeen hundred & ninety years for the year
preceeding & so furth yearly During as aforesaid
In Testimony whereof the severall members of y^e
Trade subscribe these presents place & date foresaid

The third Article is agreed to

The fourth Article is agreed to with the
Reservation of the Term that shall be

proposed for encouraging Discontentment

The fifth Resolution is agreed to being
always understood that the Trade be

extended in terms of their proposal as
only to take the Burthen of the duty

The sixth Article is approved of as a most
necessary and prudent one

The seventh is approved of and the committee
and of the same opinion with the objection

that in the present circumstances a Trade
of Free is the preferable choice but

with the view that an Extension may
be afterwards obtained the committee

having agreed proposed to take their
turn in the proposed Trade with the

incumbent in it

Lastly I move the Trade & Services
shall approve of the above Resolutions

The committee recommended to them to
appoint a committee out of each of the

Societies with full Power to carry the
Resolutions into Execution and they

thereby give it as their opinion
that if these Resolutions shall be

Dundee 22 May 1770 Adherent of the
Fleisher Trade of Dundee

Wee the subscribing members of the Fleisher
Trade of Dundee taking to our con-
sideration that the Magistrates and
Town Council of Dundee have given us a
Summons to remove from the Shambles of
this Burgh at this present Term of Wednesday
and have also brought a proces of removing
against us for having us Ejected from said
Shambles which if there should take
place we would thereby be deprived of a
proper Mercat place for disposing of our
meat in, no proper place being provided for
us for that purpose as in all other Burrows
and being advised that we have good and
sufficient Ground Reasons for defending
the said action of removing we do ther-
fore hereby empower the Deacon and No-manster
to employ proper persons to appear for us
in the said action of removing and see
in defence for us their said Deacon
being necessary for maintaining our possession
of the said Shambles on board of said, And
further being apprehensive that the
Magistrates in the course of their repairing
the Streets of this Burgh may by means
cause pull down the Shambles we hereby
assure that there be an immediate appli-
cation made to the Court of Session for
Lett for preventing the Magistrate or any
other person from pulling or taking down

219 The said Shambles so as to defraud us of the
possession thereof And Generally that the
person or persons so to be employed do every
thing they shall think requisite and necessary
for defending said process And that the Trade
shall pay all the necessary Expenses to be defrayed
therein and In witness whereof we subscribe

X We The Subscribing Members of the Fishers Trade of Dunelm
Considering That the Magistrates and Town Council of Dunelm
have renewed Their Summons of Removal against the Trade
and Members from the present Shambles against Whoms
and are building and preparing a Fish Market in the
Dock Yard to which they intend we should remove at that
Term And as we apprehend That this intended Market
Place both on Account of it Situation the passages to it
and several other Circumstances will not merely be extremely
inconvenient but is entirely unfit for the purpose it is
designed for and that it would be greatly detrimental
to the Incorporation in general and to the Members in
particular to go to it And having upon a Memorial
gott the Advice of Mr Jay Barrister Advocate with
respect to that Matter we hereby Unanimously Agree
that the Advice he has given be followed and and in
particular That the Suspension and Sequestration be advise
be immediately raised and rescinded and that the Deacons

Dundee 29th November 1820 - The Account of charge and Discharge contained on the four preceding pages was this day read over to and examined and approved of by the Members of the Fish Trade specially called, when there arose a Balance of thirty six pounds one shilling and three pence halfpenny standing due by the Deacon and Boarmaster to the Trade. Which sum was then paid over by the Boarmaster to Samuel Addison — who is this day chosen Boarmaster for the ensuing year, & for which the Trade authorised the Deacon & Boarmaster to charge themselves in next year's Accounts. And the foregoing Account is hereby discharged. The Trade authorised the Deacon & Boarmaster to pay the additional fifteen per cent on the Trade's subscription for the improvements on the Ferries of £100 on the 1st prox^o & take credit for the same. —

 years.

Which day the Fleshers Trade of Dundee being met,
 consulting about their ordinary affairs and considering
 that owing to the death of their late Clerk Mr. Thomas
 Mawer Writer in Dundee it was now necessary that
 another be elected in his stead it was therefore moved
 and seconded that Mr. James Simpson Writer in Dundee
 be appointed to fill that office. Which motion being
 unanimously agreed to the said James Simpson was ap-
 pointed Clerk to the said Trade and entitled to the whole
 privileges and emoluments thereto belonging. And the
 Trade direct the Deacon to communicate to the said James
 Simpson his appointment as their Clerk.

Which day the Fleshers Trade of Dundee being met,
 consulting about their ordinary affairs The Deacon re-
 presented that a set for one year after Martinmas next
 of the area of the Flesh Shambles of Dundee and of
 collecting the Dung thereof, belonging to the Poor of the Trade
 had been advertised as usual, and was to be exposed to
 roup tomorrow, but previous thereto it was necessary to
 have the upset price fixed; That in his opinion the sum
 at which the premises were set for the current year viz.
 Seventy pounds should be made the upset price for
 the ensuing year. The Trade having considered this
 representation unanimously agreed to the same, and au-
 thorised the Deacon to expose the Subjects at the fore-
 said sum of Seventy pounds and instructed their
 Clerk

374
Clerk Mr. James Simpson to prepare Articles of Aoup accordingly.

11
The Deacon farther represented that for a considerable time past the privileges of the Incorporation had been openly and publicly encroached on by a number of unfreemen keeping Stalls within the liberties of the Town and constantly carrying on every branch of the Trade therein to the great hurt and prejudice of the Pours funds of the Incorporation - particularly John Eagleton and John Wilson and Hannah Kilgour. The Trade having considered this Representation, authorised the present Deacon and Boxmaster to take every legal step for checking the abuse, and to cause their Clerk Mr. James Simpson to prosecute such unfreemen as may or do encroach upon the privileges of the Incorporation before such Court or Courts as may be thought prudent.

✓ Which day the Slesher Trade of Dundee being met, consulting about their ordinary affairs and considering that it appeared from the Dundee Newspapers, certain heritable Subjects belonging to the Sequestrated Estate of Mr. James Sawson their Deacon, were to be exposed to sale by public roup in the Exchange & coffee house of Dundee tomorrow at One O'clock afternoon amongst which are - "The flat, Shop, cellars and -
"Garrets in Brighton Street for a long period possessed

the three houses on the East side of Whitehalls close, occupied as a Brew-house, Bake-house, and Dwelling-house. Upset price Four hundred and fifty pounds. That as the Funds of the Incorporation can nearly command a purchase of these Subjects, and as it will be rendering an essential service to Mr. Lawson their Deacon - that the Trade should purchase the property to be redeemable by him at an after period, it was moved and seconded that the Clerk to the Incorporation Mr. James Simpson shall be authorised to attend the roup, and to make offer in name and as acting for the corporation for the Subjects first above mentioned in Brighton Street (in case of other bidders appearing) to any reasonable extent over and above the upset price, but in the event of no offerers appearing for that property then to decline to purchase the same till a farther reduction of the upset price takes place, and for the other Subjects above specified possessed by Mr. Thomson Baker and others to offer the upset price, but in the event of offerers appearing to exceed the upset price to any reasonable extent.

It was farther moved and seconded that Deacon Lawson should be permitted in case of purchase by the Incorporation to enjoy the Subjects so described in the manner he has hitherto done on payment to the Incorporation of the legal interest effecting to the purchase money and other advances by the Trade on his account, and relieving the Trade from payment of Taxes, Cess, insurance and all public burdens, and from the expense of keeping the property in repair and the expense of the necessary Sittes for completing their right to the property, and that for the endurance of Ten years from the date of the purchase, at the expiry of which Ten years, it shall and may be lawful for him in the event of the legal interest having been fully paid up, and the Trade being properly relieved as aforesaid to redeem said Heritable Subjects, and that in such case they shall return to him,

and

and be redispensed by the Corporation accordingly upon payment of the purchase money given in consequence of the judicial Sale so advertised, and also on payment of all expenses which the Corporation may be put to in purchasing and afterwards redispensing the said Subjects to the said Deacon Lawson. Declaring however that if at the end of said period the said Deacon Lawson shall not be in a situation to redeem said Subjects, then and in that case it shall be in the power of the Trade either to prolong the period of redemption to a certain specified time to be then agreed upon, or to expose the same for sale at such prices as the Subjects will bring, and apply the proceeds in extinction of the money advanced by the Trade, interest and expenses incurred thereon, or to let the same to any Tenant whatever and draw the rents of the Subjects themselves for behoof of the funds of the Trade. Which motions duly seconded having been taken into serious consideration by the Trade, they unanimously approved of the same, authorised and hereby authorise their Clerk James Simpson to attend the Group of the Subjects tomorrow, and make offer in behalf of the Incorporation to the amount conformable to the resolutions now entered into, and in the event of the Corporation being the purchasers to draw and see properly executed any writings which may appear to be necessary between Deacon Lawson & his Trustees, and the Trade respecting this transaction, The Trade also authorised the Deacon and Boxmaster in the event foresaid to draw out the whole cash from their account in the Dundee Bank and pay the same in extinction of the purchase money of the said Subjects when the same becomes payable.

March One thousand eight hundred and

Which day the Fleshier Trade of Dundee being met,
consulting about their ordinary affairs, The clerk re-
presented to the Trade that agreeably to the instructions
given at a former Meeting of the Trade he had preferred
complaints to the Magistrates of Dundee against John
Eagleton and John Wilson and also against Hannah
Kilgour for encroaching on the Trades privileges. That
the action against Eagleton & Wilson after various steps
of procedure had been had therein was decided by the
Magistrates in favor of the Trade with all expenses.
That after extracting the Decree and charging them
thereon to implement the Magistrates decerniture they
had presented a Bill of Suspension of that Decree to the
Court of Session ^{& obtained} a Sist thereon, which had been intro-
duced to him as agent for the Trade, appointing them to
 lodge answers thereto: which papers were laid before the
Trade. The clerk further stated that the action against
Kilgour had not been as yet decided: The Trade after
having considered their clerk's statements and heard
the papers read, approved of the proceedings hitherto
adopted, and appointed the Deacon & Boxmaster to
continue their exertions in behalf of the Trade
and communicate the necessary information to the
clerk as materials for an answer to the Bill of
Suspension, and desired the clerk to employ an
agent in Edinburgh to conduct the same.

✓ Which day the Fishers Trade of Dundee being met,
consulting about their ordinary affairs, The clerk
stated to the Trade that in terms of the resolutions —
of a former meeting he employed an Agent in
Edinburgh to oppose the Bill, and that answers
thereto had been lodged by him for the Trade (a copy
of which he now produced for their opinion) but
upon advising the Bill and answers the Lord
Ordinary had passed the Bill without requiring
caution. That Eagleton & Wilson had now pushed
matters on and the cause stood in the Rolls for
debate. The Deacon then represented that as
it was a dubious matter in which the Trade were
involved he had caused the clerk make inquiry —
upon what terms the Defenders would settle, but —
their demands were quite exorbitant. That he
had therefore called the Trade together to learn —
their sentiments on the matter. The Trade after
considering the Representations made, Approved
of the steps hitherto adopted, and directed the
Clerk to desire his Agent in Edinburgh to pro-
ceed in the cause and adopt such measures as
might effectually secure the interest of the Trade.

At Dundee the Ninth day of October in the
year One thousand eight hundred and Seventeen.

Which day the Fleshier Trade of Dundee being met consulting
about their ordinary affairs: The Deacon represented that a set
for one year after Martinmas next of the area of the Flesh
Shambles of Dundee, and of collecting the Dung thereof belong-
ing to the Poor of the Trade had been advertised as usual, and
was to be exposed to Roup tomorrow, but previous thereto
it was necessary to have the upset price fixed; That in his
opinion the upset price at which the premises were exposed
in October last for the current, should be made the upset price
for the ensuing year; The trade having considered this re-
presentation unanimously agreed to the same, and authorized
the Deacon to expose the Subjects at the sum of Seventy
pounds Sterling, with power to reduce in case of no offer-
ers, and instructed their clerk to prepare the Articles of
Roup accordingly.

The Deacon further represented that in the
process raised at the instance of the Trade against James
Young Senior Fleshier in Dundee and his Son for encroaching
on the liberties and privileges of the Trade, a Decree was ob-
tained therein before the Magistrates of Dundee in the
Spring of Eighteen hundred and nine, finding among
other things that the Trade were bound to take trial of
Young's qualifications for admission as a Free Master
and if found qualified to admit and receive him according-
ly upon payment of the accustomed dues: That in his
opinion while the admission of Young in terms of the Ma-
gistrates decree as a Member would increase the funds, and
at the same time did not compel the Trade to associate
with him upon all occasions, yet the standing out in re-
fusing to admit him and his family was doing a manifest
injury to them as a body and as individuals by the allow-
ing him and his family to carry on the business in all quar-
ters of the Town. The Deacon therefore submitted to the Trade
the propriety of so far rescinding the Act of Sederunt of
the Trade dated the Fifth day of August Eighteen hundred
and six as to admit Young to be a Free Master of the
Fleshier Trade upon payment of the dues exigible by him when
he tendered his offer to the Trade; Which motion being seconded.
The Trade after having maturely considered the same by a
Majority resolved and agreed to give obedience to the de-
cision of the Magistrates of Dundee before mentioned by
receiving Young as a Free Master of the Fleshier Trade after
due trial of his qualifications, and upon payment of the
dues.

2/11
dues exigible for a Stranger at the date of his Instru-
-ment of Protest in Eighteen hundred and six being
Forty two pounds Sterling, besides clerks and officers
dues, with the interest due thereon at four per cent per
annum, and directed, their clerk to notify this resolu-
-tion to him, and request his compliance therewith within
Ten days from this date, with certification if he failed that
an action would be raised against him for enforcing the
same, or causing him desist from his encroachment
on the rights and privileges of the Trade within this
Burgh.

It was further represented to the Trade that
in order to secure a dividend from the Sequestered
Estate of Mr. Lawson, an Affidavit should be prepared
and lodged with his Trustee for the One hundred pounds
lent by the last Boxmaster (Mr. Small) from the funds
of the Trade to Mr. Lawson: The Trade upon considering
the same desired the Boxmaster and clerk to attend
thereto.

At Dundee the Eighth day of December in the year One thousand eight hundred and seventeen.

H Which day the Flesher Trade of Dundee being met consulting about their ordinary affairs, The Clerk stated that agreeable to the instructions given at their Meeting on the Twenty sixth day of November Eighteen hundred and sixteen the Heritable property which belonged to the Sequestrated Estate of Deacon James Lawson had been purchased for behoof of the Trade at the sum of One thousand one hundred and eighty eight pounds Sterling; That Eight hundred and forty seven pounds eleven shillings and eight pence Sterling being the whole lying cash belonging to the Trade having been advanced to account of the price, and the remainder having been made up by Deacon Lawson, the whole sum had accordingly been paid and regular Dispositions to the properties in favor of the Deacon and Box-master as representing the Trade had been obtained.

X He also stated that in order more fully to explain the agreement between the Trade and Deacon Lawson with regard to the said property, and for the better security of both parties he had in terms of the foresaid Minute prepared a Draft of a Back Bond by the Trade to Deacon Lawson and now produced the same for their approval. The Deed being then read over to the Trade, was approved of by them in every respect and ordered to be Executed and properly executed. Deacon Lawson stated that

if the Draft of the said Bond was copied into the Sederunt Book at the end of this Minute he would at present dispense with the execution of it, provided he should have it in his power at any after period to get the same done, upon paying the expense thereof. The meeting after considering this Statement, approved of the same, appointed the Bond to be engrossed in the Sederunt Book and obliged themselves to execute the same when required by Deacon Lawson, he paying the expense thereof and all other necessary expenses.

B+ The Clerk further represented to the Meeting that in terms of the instructions given to him, contained in the preceding Minute he had notified to James Young Senior Flesher in Dundee by letter of date the Fourteenth day of October last their resolution to give obedience

390 to the decision of the Magistrates of Dundee in their
process with him by taking trial of his qualifications
for admission as a member of the Trade and upon being
reported qualified to receive him as a free Master there-
of upon payment of the sum of Forty two pounds Sterling
besides clerks and officers dues being the dues of admission
for persons claiming to be entered a Free Master who
have no privilege by Birth, Marriage or Apprenticeship
as fixed at a meeting of the Trade upon the Twenty
first day of January One thousand eight hundred and
five & of the interest of that sum at the rate of Four
per cent per annum from the date of his Instrument
of Protest in One thousand eight hundred and six tender-
ing offer of these dues, untill paid; And further intimat-
ed to him that if he failed to do so within Ten
days from the date of the letter an action would be
raised against him for enforcing the same, or causing
him desist from his encroachment on the rights &
privileges of the Trade within this Burgh. The Clerk
now produced for their further instructions a letter
which he had received from the said James Young
Senior in answer to his stating that he (Young) had
always been willing to enter a member of the
Clerker Trade, and pay the dues exigible by them
from unfreemen of his description, and that he offer-
ed to do so long ago, and now repeated that offer
and was ready to meet with the Trade at any time
they choose to appoint for having the matter
finally arranged. The Trade having considered the
above statements, and being averse to receive the
said James Young Senr into their body, unanimou-
sly resolved and agreed to rescind that part of
the minute of the Ninth day of October last above
mentioned which relates to the said James Young Senr
being received into their Trade, and to abide by the
minute of the Fifth day of August One thousand eight
hundred and six refusing him admission.

The Clerk likewise represented that he
had received a letter (which he laid before the Trade)
from his agent in Edinburgh stating that in their
case with Eagleton and Wilson the Letters were super-
seded simpliciter and Eagleton and Wilson found
entitled to expenses; And that both he and Mr. Soory
[the Counsel for the Trade in this case] think this
Interlocutor quite erroneous and indeed absurd
in the present state of the case, for whatever
may

37 may be its ultimate fate, the averments as to Oggleton's Incapacity - his following the Seafaring life, and as to Wilson's share in the profits were perfectly relevant and should have been sent to a Condemner, and recommended that a Representation should be given in to again lay open the case, and get proceeded in in the usual way, but that he should however wait for instructions. The Trade having taken into consideration the above statements resolved and agreed to Represent against the above mentioned Interloper and instructed their Clerk to write to his Agent in Edinburgh to prepare a Representation, and to send a Draft thereof to the Deacon and Burmester for their inspection previous to its being lodged. The Trade approved of the steps hitherto adopted in this process.

Trade of Dundee, and to our successors in office
for behoof of the said Flesher Trade and to our &
their assignees heritably and irredeemably All and
Whole the several Subjects therein particularly
described conform to the original titles thereof,
but which are now described as therein and
herein aftermentioned viz: All and Whole
that Tenement of Land presently occupied by John
Thomson Baker and others, built by David Mitchell
Merchant in Dundee and disposed by him with
consent of Margaret Robertson his Spouse to me the
said James Lawson, and bounded by the Subjects
belonging to the Successors of James Nicoll Mason
and of Alexander Cook Maltman on the East, by
Fishstreet on the South, by the common closs
leading from Fishstreet to the Nethergate of
Dundee on the West, and by the Subjects belong-
ing to the Successors of Robert Neil on the
North parts; And also All and Whole these three
houses or Tenements lying on the East side of
White Hall close and presently occupied as a
Brew house, Bake house and Dwelling houses;
which

only advanced and paid for the same the sum of Eight
 hundred and forty seven pounds eleven shillings and eight
 pence Sterling, I the said James Lawson as an individual
 having advanced the sum of Three hundred and forty
 pounds eight shillings and four pence Sterling being
 the remainder of the said purchase money: Therefore
 in implement of the said resolutions of the said Scotch
 Trade we the said James Lawson and Samuel Addison
 hereby Bind and Oblige ourselves and our successors
 in office for the time being, at the expiry of Ten years
 from the date hereof to demure in favor of me the said
 James Lawson, my heirs or assignees, of the said Dis-
 positions and Heritable rights to the Subjects particu-

 grant, subscribe and deliver to and in favor of me
 the said James Lawson and my foresaid formal
 and valid Dispositions and conveyances of the said
 Subjects, containing procuratories of Resignation, pro-
 cepts of Sasine, clauses of Warrantice from facts and
 deeds and all other clauses necessary for directing
 the foresaid Trade of the Subjects before mentioned,
 and for establishing the same in the person of me the
 said James Lawson and my foresaid under the
 penalty of Two hundred pounds Sterling over and
 above performance; But under this express
 condition always that I the said James Lawson
 or my foresaid shall previous to the expiry of the
 foresaid Ten years from the date hereof have made
 payment to us or ours above written of the foresaid
 sum of Eight hundred and forty seven pounds
 eleven shillings and eight pence Sterling actually
 advanced by the Trade in the purchase with the
 legal interest accruing to the same up to that date,
 and other advances by the Trade on account of me
 the said James Lawson; and also shall have re-
 lieved us and our foresaid from payment of Taxes,
 cess, insurance and all public burdens, and from
 the expense of keeping the property in repair,
 and the expense of the necessary titles for con-
 fecting our right to the property, as well as
 all Expenses that the Incorporation has or
 may be put to in purchasing and afterwards
 redispensing the said Subjects to me the said James

James Lawson shall be permitted to enjoy the Subjects
before described, in the manner hitherto done on my
making payment to the Proxmaster of the Incorporation
for the time being of the legal interest accruing to the sum
advanced by the said Trade being Eight hundred and
forty seven pounds, eleven shillings and eight pence ^{Stg.}
and that at two terms in the year Whitsunday and
Martinmas by equal portions beginning the first terms
payment thereof at Martinmas Eighteen hundred and
seventeen for the interest due up to that date, and
the next terms payment thereof at Whitsunday there-
after, and so forth half yearly and termly during
the not payment of the said sum; and also on my
making payment of all other advances by the Trade
on my account, and relieving the Trade from pay-
ment of Taxes, Keys, Insurance and all public bur-
dens, and from the expence of keeping the property in
repair, and the expenses of the necessary Titles
for completing the right of the Trade to the pro-
perty, and that for the endurance of Ten years
from the date hereof. But declaring farther
as it is hereby expressly provided and declared
that if at the end of said Ten years, it shall not
be in the power of me the said James Lawson or
my foresaids to redeem said Subjects, then and
in that case it shall be in the power of the
Trade either to prolong the period of redemption
to a certain specified time to be then agreed on
by a Minute in their book of Sederunt, or to
expose the same for sale, or to let the same
to any Tenant whatever and draw the rents of the
Subjects themselves for behoof of the funds of the
Trade and me the said James Lawson to the
extent of the sums advanced by us respectively
in the purchase as fully and freely as if these
privileges had never been granted. But in the
event of the said Subjects not being so redeemed
within the foresaid ten years or such farther
time as may be prolonged, the same shall
be disposed of by public roup after due
intimation in the Dundee Newspapers for one
month at least before the day of sale, and
we &c

393
We hereby Oblige ourselves and our successors in
office for the time being to make payment to me
the said James Sawson or my assigns of the
proceeds of such sale, after deducting the foresaid
sum of Eight hundred and forty seven pounds

whereof &c.

At Dundee the Sixth day of July
in the year One thousand eight hundred
and eighteen.

Which day the Fleshier Trade of Dundee being met
consulting about their ordinary affairs; The clerk
stated that in terms of the instructions given to
him at last meeting he wrote to his Agent in
Edinburgh who had lodged a Representation for
the Trade against the Lord ordinarys Interlocutor,
but that the result was still unfavorable. The
clerk then produced to the meeting a letter - which
he had received from his Agent prefixing a copy
of an Interlocutor pronounced by the Lord ordi-
nary upon advising the Representation for the
Trade and answers thereto for Eagleton & Wilson,
wherein it is stated that "In respect that different
statutes authorised officers, soldiers or mariners, who
have been at any time employed in the service
of his Majesty and also the wives and children of
such officers, or mariners to set up such Trades
as they are apt and able for in any Town of Great
Britain and Ireland without any let, suit or
molestation of any person or persons whatsoever,
for or by reason of using such Trade; and in
respect it is not denied that the Suspender Eagleton
is a person entitled to those privileges, and that
his wife also who assists him in keeping
the stall in the market, as being not only the
daughter of a sailor in the Kings service, but
the wife of the suspender is also entitled to
those privileges, and in respect that the In-
terlocutor of the Magistrates of Dundee com-
plained of directly in the face of the Statute
Finds that the Suspenders have encroached
upon the privileges of the Fleshier Trade of Dundee
and prohibits and discharges them from exer-
cising the Trade of a Fleshier in any of its branches
within the Burgh of Dundee in all time coming un-
less regularly admitted freemen of the said Trade";

And

and which would be totally subversive of the whole pri-
vileges under the Statutes; and in respect the business of a
Butcher is one of that simple nature, which is so easily
acquired that a regular apprenticeship to it is unnecessary,
as it is practiced by an ordinary servant in every family,
and the Statute does not require that a soldier or sailor
should undergo any trial before the Incorporation of
their skill in the business which they practice and the
Suspender has shewn that he is apt and able from his
having carried on this business for a considerable time
in the Town of Dundee with success, and even if he at times
went to sea, his wife was entitled to carry on the Stand
in his absence in her own right; Refuses the Representation
and adheres to the Interlocutor complained of, in so
far as applies to the Representor Eagleton; But in
respect it is alleged by the chargers that the Suspendor
Wilson is a Partner and not a servant upon wages of
the other Suspendor Eagleton, as is alleged by him, Allows
the chargers to give in a bond of censure framed in
terms of the Act of Sederunt of the facts and circum-
stances by which they offer to prove that Wilson is the
Partner and not the servant of Eagleton." The
Clerk then read his agents letter to the meeting, wherein
he gives it as his opinion that if the statement be
true that the Trade needs no great skill, or at least
not more than Eagleton with the assistance of his wife
(a Butchers daughter) may be supposed to possess, he
certainly did not hope much for the ultimate
result should a Petition be tried; The Deacon (then)
stated that he had called this meeting for their
further instructions in this cause, which from the
statements now made appeared somewhat hope-
less. The Trade after considering the same,
resolved not to go farther on with the case, as
they were not able to condescend as to Wilson &
directed their clerk to intimate this to his agent.
The meeting approved of the whole procedure
adopted in this process.

At Dundee the Twenty third day of
September in the year One Thousand
eight hundred and eighteen.

Which day the Flesher Trade of Dundee being
met conducting about their ordinary affairs,
the Deacon produced to the meeting a letter
which he had received from Mr John William
Paster Writer in Dundee and Clerk to the Nine
Incorporated Trades of Dundee, prefixing a
copy of a letter from Mr William Small Town
Clerk of Dundee to Convenor James Gellatly
dated the Eleventh day of August last of the fol-
lowing tenor: "By desire of the Town Council and
Deacons of Trades I beg leave to send herewith
a copy of the following Documents.

"1.st of an Act of the Convention of Royal
Boroughs dated 16th July 1818 granting the prayer
of the Petition for the Magistrates, Council &
Nine Incorporated Trades for an alteration
on the Set of the Borough.

"2.nd of an Act of the Convention of the
same date refusing the Petitions of the United
Trades of Wrights, Masons and Slaters, and of
the Incorporation of Masters & Seamen of
Dundee.

"and 3.rd of the New Set of Dundee embracing
the alterations and amendments sanctioned by
the Convention.

"The Meeting of the Council and Deacons
held yesterday, resolved to record these Acts of
the Convention, and the New Set in the
Council Book, and recommended to the Nine
Incorporated Trades and Guildry Incorpora-
tion to record them in their books also.

"I beg you will be pleased to communicate
this to the Nine Trades."

The Deacon also produced to the meeting
a printed copy of the documents contained
in Mr Small's letter, and urged the propriety

of recording them in their Sederunt Book in terms of the above mentioned recommendation. The meeting after considering these documents, and the Deacons' suggestion agreed to give due observance to the same and directed their Clerk to express them in the Sederunt book, as the future rule of election.

Act of Convention of Royal Burghs
granting the prayer of the various Petitions
in favor of a change of Set.

In the General Convention of the Royal Burghs
of Scotland, held at Edinburgh the Sixteenth
day of July, in the year One thousand eight
hundred and eighteen;

The which day, the Convention having resumed consideration of the Petitions for an alteration in the Set of the Burgh of Dundee, viz. from the Magistrates and Council and Nine Incorporated Trades, from the Guildry, and from the Burghesses, In respect that it has been certified, under the hands of the Commissioner for Dundee, the Town Clerk of the Burgh, and the Clerk to the Guildry Incorporation

396 Incorporation, that the Guildry of Dundee has for
time immemorial been recognized as a Corporation
by the Magistrates and Council of Dundee; and in
respect that the consent of the existing Magistracy
and Council, and of all the bodies alleged to have
the actual franchise of election in that Borough,
is exhibited to the said Petitions; and that it ap-
pears to the Convention that the alterations pro-
posed are reasonable and proper, - granted, and
hereby grant the prayers of the said Petitions,
and order the same, with the relative documents,
and the certificate as to the Guildry Incorporation
above referred to, to be recorded after the Minutes
of this Convention. But always under this
express declaration, that no member of the Nine
Incorporated Trades of Dundee, being also a Mem-
ber of the Guildry thereof, shall be entitled to vote
as a Member of the Guildry in the election of any
member of the Town Council, unless he shall have
previously renounced his political rights as a
Tradesman or member of one of the Nine Incor-
porations; and that no member of the Guildry,
being also a member of any of the Nine Incorpo-
rated Trades, shall vote in his Incorporation in the
election of any member of the Town Council, un-
less he shall have previously renounced his
political rights as a Guildbrother: Provided
always, that such renunciation, in either case,
shall in nowise affect any beneficial rights
competent to such persons as members either
of the Guildry or Incorporated Trades.

New Sett of Dundee drawn up by a com-
mittee of the Town Council, in conformity
with the Act of Convention.

The Nine Incorporated Trades shall meet, in
their Hall, yearly, at Eleven o'clock forenoon, on the
second Wednesday preceding Michaelmas, and, in man-
ner as at present, elect their Conveener; who, for
the year ensuing, shall be a constituent member
of Council in the stead of one of the Three Trades
Councillors, mentioned in the former recorded Set;
but he shall not at the same time be Deacon of a
Trade.

The Magistrates and Council, consisting of Twenty
one persons, shall meet yearly, on Tuesday preceding
Thursday immediately preceding Michaelmas (unless
Michaelmas shall happen on Thursday, in which case,
they shall meet on Tuesday immediately preceding
Michaelmas); and, after lecting of ten Guildbrothers
and four members of the Nine Incorporated Trades,
shall make choice of five Guildbrothers and two
members of the Trades, who must not be both of
the same Trade, to be Councillors for the year
ensuing. After the said Councillors are chosen
the old Council, and such of the new Council as
are present at the meeting, shall proceed to make up
lots for the offices of Provost, Bailies, and Treasurers.
After nominating four persons who have
carried the charge of Magistrates, they shall make
choice of two to be on the list for the Provost's office.
They shall then proceed to the making up of lots
for the Bailies' office, and nominate sixteen who
have carried the charge of Councillors; and out of
these make choice of eight to be on the list for
the Bailies' office; and then nominate four Bur-
geses, being also Guildbrothers, for the Treasurers
office; and of these make choice of two to be on
the

398

the list. On Wednesday thereafter, these lists shall be extracted, and an Extract given to the Conventer of the Nine Trades; who, on the same day, shall deliver a double of the lists to each of the nine Deacons for the use of his Trade. On Thursday thereafter, the old and New Council and nine Deacons shall meet, and proceed to the election of the Provost, Bailies and Treasurer; which shall be carried according to the plurality of votes. The four Bailies of the former year shall continue in the Council another year as old Bailies and Counsellors; but, in case of one of the present Bailies being elected Provost, then the old Provost shall remain a Counsellor ex officio for the year immediately after he has held the office of Provost. In case any of the members of Council or Deacons of Trades shall not attend the meeting for electing office bearers, those present shall appoint a proxy to act and vote at that meeting for each absentee: The proxy for a Trades Counsellor to be a Burgess and a member of the Nine Incorporated Trades; and the proxy for any other member of Council to be a Burgess and Guildbrother.

On the Tuesday after the election of the Provost, Bailies and Treasurer, the Magistrates and Council shall meet, and, as at present, elect a Guildbrother, being a Burgess, to be Shoremaster.

On the Wednesday immediately after the election of the Provost and other office bearers, the Guildry Incorporation shall meet, at Eleven o'clock forenoon, in the Guildhall, or such other place in Dunder as a General meeting of the Guildry shall at any time fix; and, by the voice of a Majority of the Members present, elect a Guildbrother, being a Burgess to be Dean of Guild for the year ensuing, and another Guildbrother being also a Burgess, to be Counsellor to the Guild also for the year ensuing. These to be both constituent members of Council, in room of the Dean of Guild mentioned in the formerly recorded set, and of the Counsellor to the Guild, of whose election no notice is taken in that set.

Wm. L.

399 The Counsellor to the Guild and Shoremaster notwithstanding the former practice, shall be entitled to sit and vote at the Meeting of Council for electing the Provost and other office bearers.

If any of the Members of Council or Deacons of Crafts shall be elected a Counsellor for the year immediately succeeding that in which he is then serving, such Member of Council or Deacon shall not thereby, as heretofore, have two votes in making up lists for the Provost, Bailies and Treasurer, nor in electing them; but the Council shall choose a proxy to vote for him in the election of the Provost, Bailies, and Treasurer, in the character which he held previous to his new election.

Provided always, that no member of the Nine Incorporated Trades of Dundee, being also a member of the Guildry thereof, shall be entitled to vote as a member of the Guildry, in the election of any member of the Town Council, unless he shall have previously renounced his political rights as a Tradesman or member of one of the Nine Incorporations; and that no member of the Guildry, being also a member of any of the Nine Incorporated Trades, shall vote in his Incorporation in the election of any member of the Town Council, unless he shall have previously renounced his political rights as a Guild Brother. Provided always, that such renunciation in either case shall in nowise affect any beneficial right competent to such persons as members either of the Guildry or Incorporated Trades.

The Convener shall attend the said Meeting of Council, to be held on Tuesday, for making up the lists; and take his Seat in Council immediately after the two Trades Counsellors have been elected. But, before taking his Seat he shall produce his Burgess and Trades tickets, as evidence of his being a Burgess, and a member of one of the Nine Incorporated Trades, with

450 with an Extract of the Minute of his election as
Convenor, certified by the Clerk of the said Nine
Trades. The Dean of Guild and Counsellor to the
Guild shall attend the first stated Meeting of Council
after their election; and, before taking their seats in
Council, shall produce their several Burgess and
Guildry tickets, as evidence of their being Burgesses
and Guildbrothers, with an Extract of the Minute
of their election, certified by the Clerk of the
Guildry. In like manner, the Deacons of Crafts,
before taking their seats in Council for the first
time after they are elected, shall produce a certi-
ficate of their election, signed by the Clerks of
their respective Trades, with their Burgess and
Trades Tickets, as evidence of their being Bur-
gesses and members of the said Nine Trades.

In case the Dean of Guild and Counsellor
to the Guild and Convenor, or any of them, shall fail
to appear in Council on the day appointed for
their taking their seats, - or appearing, fail to
produce the requisite evidence of their several
elections and qualifications, - or if it shall ap-
pear, from the evidence produced, that the
Guildry and Trades, or either of these bodies,
have made a double election, - then, and in any
of these cases, the right of supplying the deficiency
which shall have thus arisen in the Council,
shall, for that year, devolve on the Magistrates,
and Council; who shall immediately elect a Dean of
Guild and Counsellor to the Guild, or either of them, in
place of the Dean of Guild and Counsellor to the Guild
who have so failed to take their Seats as elected,
by the Guildry, and a Trades Counsellor, in place of
the Convenor who has so failed to take his Seat
as elected by the Trades; - without prejudice, however,
to the Guildry and Nine Incorporated Trades exer-
cising their respective rights to elect those mem-
bers of Council in future years.

At Dundee the seventeenth day of December in the year one thousand eight hundred and eighteen.

Which day the Flesher Trade of Dundee being met consulting about their ordinary affairs. The Deacon stated to the meeting that the Clerk agreeable to his instructions, had put the Dispositions in favor of the Trade of the properties in ^{Edinburgh} ~~Castle~~ Street and Fish Street sometime ago purchased by that body from Convener Lawson's sequestered Estate into the hands of Mr. Thomas Davidson Town Clerk for the purpose of procuring the Trade Infeft therein. That Mr. Davidson while proceeding in his duty was waited upon by Convener Lawson and requested to desist till the sentiments of the Trade upon the subject were again delivered: with which Mr. Davidson complied. That this meeting was therefore called for the purpose of receiving their instructions in this matter. After duly considering this communication the Trade instructed the Deacon to proceed as formerly directed by procuring the Trade infeft in the foresaid properties and granting the necessary Back Bond to Mr. Lawson thereon.

Convener Lawson then proposed to pay up that portion of the money advanced by the Trade to purchase these properties at the term of Whitsunday next upon getting a reconveyance to the same rather than incur the expense of infefting. Which proposal being considered the Trade agreed to accept thereof and allowed Mr. Lawson fourteen days from this date to report whether or not he would abide thereby, but as he had left the meeting before it had come to any determination the Trade directed his son Mr. James Lawson to inform his father thereof. They at same time resolved that should Mr. Lawson not report within the said space his resolution to abide by his proposal then the Deacon should proceed as above directed.

The Deacon also stated that as they had been unsuccessful in the Suspension at Cagleton and Wilson's instance against them and found liable in expenses their Agent in Edinburgh had been instructed to make as advantageous a settlement as possible of the Suspenders expenses with Mr. Duncan the Suspenders Agent in Edinburgh. The Trade approved of this step and directed the Box-

H^d Boxmaster to pay the same, and also their own Agents account in the business and take credit for the same in his Account with the Trade.

Deacons Address in the chair

The Deacon stated to the meeting that
they were aware a Report had been made to the
Nine Trades upon their Constitution sometime ago,
and a Code of Bye laws had been drawn up for
the future regulation of General Meetings and
of the conveners Court. That these regulations
if carried into effect would go far to anni-
hilate the influence of the trades who have
few in numbers. That it had been resolved
upon by the Glovers and Dyers to oppose these
resolutions, and the Fishers had been called
upon by them to join them: That it having
been intended to carry these resolutions into
effect at a late ^{of the Trades} meeting, the ^{Trades} had in
order to prevent this doing so obtained a
Bill of Suspension and Interdict from the
Court of Session against the conveners &
the other six trades, which had been served
upon them. That before proceeding further in the
matter he had thought proper to convene the
Trade for their instructions: which com-
munication having been taken into con-
sideration the Fishers Trade unanimously
approved of the proceedings that had ^{already} been
adopted.

4th adopted by the Deacon for their interest, and
resolved and agreed that all measures proper
in concert with the Glovers and Dyers be
taken so as to secure to the Trade their
ancient rights and privileges which are
now by the other six Trades sought to be
infringed upon.

At Dundee the Twentieth day of
March in the year one thousand eight
hundred and twenty. At a meeting
of the Fishermen Trade of Dundee.

The Deacon stated to the Meeting that in
terms of the recommendation contained in
the former Minute Mr. Small Town Clerk had
been waited upon for his opinion on the
transaction between the Trade and Deacon Law-
son, but that he declined to interfere in the
business or give any opinion on the subject.
Being thus situated he had presented a Me-
morial along with the relative papers for the
opinion of a Gentleman in Edinburgh quite
unacquainted with either party, and had since
received an opinion thereon. These papers he
produced and read to the meeting, and trusted
that what he had done would be approved by
the Trade. The Trade having considered what had
been represented by their Deacon, approved of the
steps which had been adopted by him, and directed
him to procure the Trade in debt in the property
purchased by them from Convener Lawson's
sequestrated Estate without delay, and to take
such other steps as may be necessary for securing
the money advanced by the Trade on the said
property, in terms of Mr. Megget's opinion here-
to subjoined.

Thereafter Deacon Lawson protested

Memorial for Samuel Addison
Deacon and John Watson Box,
master of the Flecker Trade
of Dundee as representing the
said Trade

For

The opinion of Thomas Megget
Esq. M.S.

The Memorialists herewith send to
Mr. Megget

1st Copy Minutes of the Flecker Trade of date
the 20th November 1816 and 8th December 1817.

2^d Draft Back Bond to be granted by the said
Trade in favor of James Lawson Flecker in Dundee.

3^d Copy Minute of the said Trade dated 17th
December 1818.

4th Copy D^o — D^o dated 2^d March 1820.

It is unnecessary for the Memorial-
ists to recapitulate here the contents of these
papers and they are satisfied with referring
to the information they contain. Mr. Megget
will perceive from them the particular cir-
cumstances in which the Memorialists are
placed

413 placed with respect to the property therein described. Mr. Lawson the Gentleman from whose sequestrated Estate and for whose advantage the property was purchased by the Flecker Trade, instead of implementing his obligation to pay up the interest of the money advanced by the Trade every half year has suffered the same to run into arrear for more than twelve months. Besides it appears to the memorialists extremely probable that the arrears will be suffered still farther to accumulate by Mr. Lawson unless measures are taken to prevent that. The Clerk and Agent for the Flecker Trade has stated his opinion that this can be accomplished by the Trade procuring themselves ingress into the property and assuming the management of it into their own hands by regularly removing tenants, letting the premises, drawing the rents &c. if Mr. Lawson will not repay the sum advanced by the Trade or accept of the difference of price from them, by which they would become absolute proprietors of the subjects. - Mr. Lawson however as will be seen from the Minute N^o 4 herewith sent objects to the completion of the Titles; and the Trade being extremely anxious to avoid unnecessary expence, or any appearance of harshness towards Mr. Lawson they at the suggestion of Mr. Simpson their Clerk agreed to refer the decision of the point to Mr. William Small Town Clerk of Dundee, but that Gentleman has refused to interfere. Mr. Megget is therefore requested to state what steps in his opinion the Memorialists ought to take to secure the Trades right in the premises and in order to ensure the regular payment

414
payment of the interest of the sums advanced
by them.

Copy Answers to the foregoing Memorial
Answers to the Memorial for
Samuel Addison Deacon and John
Watson Boxmaster of the Fishery
Trade of Dundee as representing the
said Trade

I have perused the Memorial and the
various documents therein referred to

The transaction mentioned in these documents
was entered into by the Fishery Trade for the
benefit of James Lawson and seems to have
had no object but his interest and the
ultimate repayment of the principal
sum advanced by the Trade & the regular
yearly payment of the interest thereof.
Taken in its simplest view it was a loan
for ten years certain, upon the usual stip-
ulation of regular payment of the in-
terest.

The situation of Mr. Lawson's affairs
necessarily made the loan assume the
aspect which it has done by the Deeds
mentioned in the Memorial. The Trade
became the Purchasers of the heritable
subjects, and apparently absolute Pro-
prietors, but this absolute right it was
stipulated should be qualified by a Back
Bond which expresses the conditions to
which the absolute right is subject.

From the whole arrangement of the
transaction it is clear that Mr. Lawson
was

415

was to enjoy the possession of the property so purchased, only upon his paying the interest of the price advanced by the Trade, repairs, Taxes &c. It may be said that the Back Bond gives the power of removing Tenants and letting the premises only after the expiry of the Ten years, and then only eventually, but besides arguments which may be drawn from the general complexion of the transaction, the Back Bond gives Mr. Lawson the enjoyment of the subjects only on payment of the interest &c. and his failure to implement the condition would warrant the Memorialists in removing him from the possession.

In order to secure the right of the Trade in these subjects I would recommend to the Memorialists to take Infestment on the Dispositions without delay. That is always necessary in any purchase to the security of a Purchaser and in the present case ought not to be delayed.

With a view to secure the payment of the arrears of interest and to compel Mr. Lawson to adhere to the principle of the bargain and loan I would advise an action of Declarator of Mr. Lawson's right to enjoy the subjects in question only on his regular payment of the interest &c. and of removing in consequence of his having failed to comply with the Condition of his possession as well as for payment of the arrears due &c.

I am of opinion that the Memorialists would be successful in this action and that it is the best suited to the circumstances of the case. The Back Bond has no doubt not been executed.

416

executed, but the Memorialists have already bound themselves to execute it in terms of the Draft when required by Mr. Lawson, and the Minutes of the Trade would be held as sufficiently qualifying the absolute right conferred on the Trade by the Dispositions. The Memorialists therefore must proceed in any action not as absolute Proprietors but as qualified Proprietors and hence the Declaratory Action is the only one that appears to me advisable.

It is for Mr. Lawson to require the execution of the Back Bond. He can do so when he pleases but I am afraid that without his consent no additional clauses will be admitted, as the Memorialists are bound to execute the Bond in ^{the} terms framed which correspond with the Minutes of the Trade. It might have been proper to provide by a Declaration for the present case in the Bond which would have enabled the Memorialists to proceed against Mr. Lawson in a simple action of removing and superseded the necessity of a Declaration.

A failure to pay the interest does not annul the bargain. The Memorialists can never be absolute Proprietors of the subjects in question without a renunciation of the back bond or of the Conditions specified in the minutes being executed by Lawson; until then or until the expiry of the ten years the Memorialists must be considered in the light of Trustees for their own rights as well as those of Mr. Lawson. They cannot therefore expose at present the subjects for sale or demand payment of the sums advanced by them in loan or require Mr. Lawson to accept payment of the balance of the price paid by him and make over the property irredeemably to them. All they can demand is regular payment of the interest and failing payment possession of the subjects to enable them to draw payment from the rents thereof.

1417 thereof

There is not a doubt that the mode devised of securing the respective rights and interests of the parties is the best in the circumstances of the case and in the situation of Mr. Sawson. As he was under sequestration and undischarged he could not have held the property or taken a Disposition to it in his own name. If the Disposition therefore had been taken to another person, he felt to give a Bond & Disposition in security to the Trade and the expence of the Back Bond being much less than the expence of a Bond and Disposition in security and Infestment thereon, Mr. Sawson has no good ground for complaining of the expence of the Deeds that have been used.

The Deacon stated to the Meeting
that in terms of the instructions of last
meeting the Flecker Trade had been ineft
in the different properties purchased by
them from the Sequestered Estate of
James Lawson Flecker and that the
expence of doing so as appears from
an Account made out by the Town
Clerks laid before the Meeting amounted
to £12. 11. 2. That of this sum payment had
been requested from James Lawson (who
by his original Agreement with the Trade
was bound to do so) but not yet received
and therefore it was necessary that the
Boxmaster now receive the instructions
of the Trade to discharge the same. The
Trade having considered this statement un-
animously authorised the Deacon and
Boxmaster to settle the said Account with
the Town Clerks and to take credit for
the same in their account with the
Trade.

It

24. 9 It was further stated that the said James Lawson was now in arrears of Interest upon the transaction between him and the Trade referred to above and in the former Minutes of the Trade to the extent of one year and a half, and that notwithstanding repeated applications for a settlement by him, he had hitherto resisted payment which rendered it necessary to adopt steps for the regular payment of the interest by uplifting the rents of the property and letting the premises to tenants. The Trade + having also considered this statement, unanimously resolved and hereby resolve and authorise the Deacon and Boxmaster to take such steps as may be necessary for putting the Trade in actual possession and enjoyment of the property purchased by them as aforesaid, by letting the same to Tenants and uplifting the rents thereof and after paying the interest due and to become due half yearly and the expenses incurred or to be incurred, to pay the surplus to the said James Lawson and that during the years yet to run of their Agreement with him, and to follow the advice already received for the Trade or such other proper advice as may be procured for effecting that object. But before proceeding to adopt such steps the Trade hereby authorise their Clerk to send an Extract of this Minute to the said James Lawson, and to intimate to him that unless the interest already

425 already due and all expences incurred
be settled within eight days from this
date, the instructions above given to the
Deacon and Boxmaster will be followed
forth without further delay.

there was laid before the Trade their Indentures bearing that each of them had served five years of apprenticeship - the former to Mr. Samuel Matters and the latter to Mr. Robert Small. It having been objected to by two of the members that as these Apprentices had not been entered in the Trade's Sederunt Book at the time of the commencement of their Indentures they ought not to be viewed as Apprentices for the full period of their engagement but only to the extent of three years, Mr. Matters explained to the meeting that the omission proceeded from inadvertence on his and Mr. Small's part and from no proper rule being then in existence on the matter and not from any wish to take advantage of the Trade; and it appearing that this was the real state of the case the Trade after voting by a great majority agreed to receive the said Andrew Hood and James Thomson as members of the Trade upon their being considered as Apprentices for five years and paying the other dues to the Trade.

The Deacon also stated that James Watson son of the late James Watson Fletcher in Dundee and Alexander Watson son of the late William Watson Fletcher there also applied to be received as members of the Trade in the right of their fathers who were free masters of the said Trade. The Trade having considered their application unanimously agreed to receive them upon payment of the accustomed dues.

Which day the Flesher Trade of Dun-
dee being met consulting about their
ordinary affairs, Deacon Addison mention-
ed that when in the course of following
up the instructions he had received
at last meeting Mr. James Lawson
stated that he was anxious to submit
a proposal to the Trade with the view
of avoiding the expense of the liti-
gation which would necessarily take
place for the purpose of putting the
Trade in complete possession of the
premises purchased by them from his
sequestrated estate and of enabling the
Trade to draw the rents thereof and
apply them in extinction of the
interest and other legal claims due
and to become due to the Trade in
consequence of this transaction. Deacon
Addison conceiving that the Trade
would be willing to afford Mr. Lawson
another

16 17 another opportunity of obtaining an amicable arrangement had deferred taking any decisive steps till the sentiments of this meeting on the proposal to be made should be known. The proposal of Mr. Lawson was that the Trade should make a farther advance of one hundred and fifty two pounds, eight shillings and four pence sterling on the said property amounting with the sum of eight hundred and forty seven pounds eleven shillings and eight pence sterling formerly advanced in the purchase to one thousand pounds sterling; That if the Trade should do so he would at same time make payment of the arrears of interest due by him together with Twelve pound eleven shillings and two pence sterling being the sum disbursed by the Trade for obtaining themselves in debt in the said subjects; and would moreover consent to a New Rack Bond being framed and substituted for that formerly prepared and engrossed in the Minute Book which should contain a formal clause empowering the Trade in the event of the interest not being regularly paid half yearly in future to assume the absolute management of the subjects, remove all Tenants and occupiers whatsoever ~~there~~ ^{from}

therefrom, let the same to such persons
as they shall think proper, and do every
act thereunto competent to absolute pro-
prietors, as if no Back Bond were agreed
on, and declaring that the Trade should
not be bound to accept payment of
the interest from the said James Lawson
unless the same should be tendered
within one month at farthest from
the term at which it became payable,
it being understood only that the Trade
shall have no power to sell the subjects
till the expiry of the stipulated time
and that they shall pay the surplus
rents, if any, to the said James Lawson
after satisfying all legal claims.

This proposal being taken into con-
sideration was unanimously agreed to
by the meeting, and the Clerk was
appointed to prepare a Draft of the
New Back Bond to be submitted for
the approbation of the Trade at
their next meeting.

The Trade being met consulting on
their affairs the Clerk produced a Draft
of the Back Bond alluded to in last minute.
The Deed being then read over to the
meeting was approved of in every respect
and ordered to be extended and properly
executed. Deacon Lawson again stated
that he would not at present require
the Deed to be extended and executed
but would in the meantime rest satis-
fied with its insertion into the Sederunt
Book of the Trade, and being furnished
with an extract of the Minute of this
meeting, - it being understood that he
could call for its execution at any period
upon paying the expence thereof. The
Trade after considering this statement
agreed to dispense with the execution of
the Back Bond for the present upon
this condition that if circumstances
should hereafter render its execution
necessary on the part of the Trade they
should have it in their power to order
the same to be done upon the said James
Lawson's expence, and they appointed the
Draft

of the said Trade have made payment to
the said James Lawson of the foresaid further
sum of One hundred and fifty two pounds
eight shillings and four pence sterling on
the said property amounting with the sum
of Eight hundred and forty seven pounds eleven
shillings and eight pence sterling formerly
advanced in the purchase money to One
thousand pounds sterling and that on the
other hand the said James Lawson has paid up
the arrears of interest due by him up to this
date being seventy eight pounds two shillings

The Deacon represented that a sell for
one year after Martinmas next of the area
of the Flesh Shambles of Dundee and
collecting

collecting the Dung thereof belonging to the poor of the Trade had been advertised as usual and was to be exposed to Roup tomorrow but previous thereto it was necessary to have the upset price fixed; That in his opinion the upset price at which the premises should be exposed for the ensuing year ought to be Eighty pounds sterling. The Trade having considered this representation unanimously agreed to the same, and authorised the Deacon to expose the subjects at the sum of Eighty pounds sterling with power to reduce in case of no offerers and instructed their Clerk to prepare the articles of Roup accordingly.

The Deacon stated that he had called the present meeting in consequence of a Requisition from John Sime Convenor of the Nine Trades to elect two members of the Trade to represent them in a Committee of the Nine Trades grounded on a motion made by Thomas Ivory Deacon of the Hammermen

Hammermen and carried at a General Meeting of the
 Nine Trades held on the Current that a Committee
 be appointed by the Nine Trades consisting of two mem-
 bers from each Trade to endeavour to effect a compro-
 mise of the differences which have arisen in consequence
 of a Code of Bye Laws for the Trades presently the subject
 of discussion in the Court of Session. But before pro-
 ceeding to choose their members of Committee it would be
 necessary that the meeting be informed of the legal steps that
 had already been taken to effect a reduction of these Bye
 Laws and secure to the Hammer Trade its interest in the General
 Mind of the Nine Trades;— and as the Clerk of the Trade (who
 is also agent for the Glovers, Fleethers and Dyers Pursuers of the
 Actions in the Court of Session) was present he would com-
 municate the necessary information to the meeting:—
 Mr. Simpson thereupon stated that at a meeting of the
 Trade held on the seventh day of December last it was
 represented to them that sometime ago a Report had
 been made to the Nine Trades upon their Constitution &
 a Code of Bye Laws grounded thereon been drawn up for
 the future regulation of General meetings and of the Con-
 venger Court, — the obvious tendency of which was to anni-
 hilate the influence of the Trades (who have few members)
 and that to prevent these encroachments it had been re-
 solved upon by the Glovers and Dyers to adopt proceedings to
 stop the other Trades from acting on the Laws and the Fleethers
 as having an equal interest were called upon to join them. The
 six Trades having in the meantime resolved to act on their new
 Constitution it was judged advisable by the office Bearers
 of the three Trades of Glovers, Fleethers and Dyers to prefer a Bill
 of Suspension and Interdict to the Court of Session against
 the Convenger and the other six Trades to stop their operations
 on the new Code of Bye Laws till the sentiments of the three
 Trades should be known and their further instructions re-
 ceived. The Hammer Trade having then been called unanimous-
 ly approved of the previous proceedings and resolved and
 agreed to follow out all measures in concert with the Glovers
 and Dyers to secure to these Trades their ancient rights &
 privileges sought by the other six Trades to be infringed upon.
 Since that time various proceedings had been adopted.
 The Interdict having been granted and served on the re-
 fractory Trades and the Bill passed the case came in the
 course of the Rolls to depend before Lord Pitmilley ordinary.
 And the Counsel for the three Trades having advised the
 raising of an action of Declarator and Reduction con-
 cluding that it ought to be declared that the Constitu-
 tion of the Convenger or Eighteen Court and of the Nine
 Trades as a Body should not be altered and that the
 new system of Bye Laws should be reduced. This step had
 also been taken and that action had since been re-
 mitted to the Suspension, the processes conjoined and
 memorials ordered by the parties which order had been
 complied with on the part of the three Trades. The three
 Trades had however been involved in another case before
 the Court which arose out of the following circumstances
 On the twelfth day of January last a meeting of the ma-
 jority of the Nine Trades (the three Trades not having at-
 tended) was held in Common Hall at which Mr.

Saunders

114
Saunders. Writer and then Deacon of the Cordwainers ad-
verting to the Interdict stated that "he was of opinion that
"they might appoint a committee to manage the funds
"and divide them among the poor and therefore moved
"that this meeting of the Nine Trades appoint a committee
"of management to take charge of the General Fund
"during their pleasure" and named certain Gentlemen to
compose that Committee: That this Committee however
being aware that their appointment was in direct viola-
tion of the Interdict and that if they acted in face of
it they were placing themselves under the most awkward
circumstances, very properly declined to do any thing;
But on the third of April last another meeting of the Ma-
jority of the Nine Trades was held at which Mr Saunders
stated that in consequence of the action before the
Court of Session at the instance of the three Small Trades
some part of the Trades business had been neglected
such as the appointment of a Treasurer and Clerk
and therefore moved that Mr Peter Thomson be
appointed Treasurer and find Caution to the Trades
for his intromissions; That John William Baxter be
appointed clerk and John Symers officer all for
the current year. Mr. Saunders also moved that the
Conveners and Nine Deacons see that the Treasurer
find Caution and that the Clerk intimate their ap-
pointment to the nominees; which motion having been
seconded was unanimously carried; and Mr Baxter the
Clerk accordingly intimated to the said Peter Thomson
his appointment as Treasurer. The three Trades conceiv-
ing the General fund endangered applied for advice on
the meeting whereupon a Protest was ordered to be taken
against the Conveners and the Deacons and Postmaster
of the different Trades who had named the Committee
and appointed the officers and against these officers
themselves to keep the matter open till the Court of Session
should sit when a Petition and Complaint would be
presented complaining of a breach of the Interdict and
at same time applying for a regulation of the General
fund and for the appointment of interim officers: The
Protest was accordingly taken and the Petition & Complaint
having been likewise presented to the Court and followed
up by answers, Replies and Duplies the Court found
that the last part of the application was unnecessary
because it held it was still competent for the Conveners
or Eighteen Court to meet under the old regime and to
manage the fund agreeably to former practice until
the disputes between the parties should be settled
And on the other branch it found that a breach of
interdict

interdict had been committed and awarded expenses to the Complainers against the six Trades. Against this Interdict the six Trades have given in a Reclaiming Petition which will be either refused at once or answers ordered when the Court sits on the twelfth current but of the ultimate success of the plea the Counsel for the three Trades had no doubt. The Flecker Trade having considered the foregoing statement approved and do hereby unanimously approve of the whole steps taken in said process by the Deacon and Boxmaster for behoof of the said Trade in conjunction with the representatives of the Glover and Oyer Trades and recommended and empowered and hereby empower them along with the Glovers and Oyers to follow out all further proceedings and take such other measures as may be judged advisable and proper for having the rights and privileges of the Trades secured upon a firm and solid foundation. But although the Flecker Trade have thus resolved to oppose to the utmost every encroachment on their privileges by legal measures yet still if an adjustment of the differences subsisting between the different Trades could be amicably effected the Flecker Trade would prefer it, and as the Trades Defendants have evinced a seeming earnestness to have the disputes compromised and made the motion above noticed to have a Committee of two members from each of the Nine Trades appointed to confer on such measures as will bring about an amicable arrangement the Flecker Trade in respect thereof and of the conveners requisition to that effect have resolved and agreed and hereby resolve and agree to choose some of their members to represent the Flecker Trade in the said Committee of the Nine Trades and accordingly made choice of Messrs John Watson and Samuel Addison the present Deacon and Boxmaster of the Trade and Mr. James Simpson their clerk or any two of them for that purpose. It being however expressly understood that the Committee so to be appointed of which the representatives from this Trade are to form a part shall have no power whatever to bind this or the other Trades to the observance of any proposals or resolutions the ground work of which must be an amicable Declaration of the rights of the Trades and if possible payment of the whole or the greater part of the expenses incurred by the three Trades in the processes before mentioned especially in the case avert the breach of interdict until the same be first laid before each Trade and duly considered and its approbation obtained before the Committee make their Report to the Nine Trades upon the matter. The Trade further resolved that if the other members of the Committee refused to accede to these terms the
